Enrolling now you will get access to **891** questions in a unique set of Alaska - Car License Test

Question 1

You may not pass another vehicle on either side of a _____ centerline.

Options:

- A. solid or broken yellow
- B. single broken yellow
- C. single broken white
- D. double solid yellow

Answer: C

Explanation:

When driving on a two-way road, you may not pass another vehicle on either side of a single broken white centerline. This type of line indicates that passing is not allowed in either direction. A solid or broken yellow centerline indicates that passing is allowed in both directions, while a double solid yellow centerline indicates that passing is only allowed in one direction.

Question 2

After you stop for a school bus, you must:

Options:

- A. turn off your engine.
- B. None of the above.
- C. pass the bus before the red lights stop flashing.
- D. wait until the yellow lights stop flashing.

<https://www.easy-quizzz.com/us/>

Answer: B

Explanation:

After you stop for a school bus, you must wait until the red lights stop flashing and the yellow lights start flashing before you can pass the bus. You should also turn off your engine while waiting to ensure that no exhaust fumes enter the bus.

Question 3

When a 'Road Closed' sign is displayed, drivers must:

Options:

- A. make a U-turn.
- B. come to a complete stop and wait for the lights to turn green.
- C. look for a detour or another route.

Answer: C

Explanation:

When a 'Road Closed' sign is displayed, drivers must look for a detour or another route. This is because the road is closed and they are not allowed to drive on it. By looking for a detour or another route, drivers can safely reach their destination without having to make a U-turn or come to a complete stop and wait for the lights to turn green.

Question 4

When is the pavement most slippery?

Options:

- A. If it's been raining several hours.
- B. When it's been raining from at least one hour.
- C. When it has just begun to rain.

Answer: C

Explanation:

When it has just begun to rain, the pavement is most slippery because the water has not had time to be absorbed into the pavement yet. This causes a thin layer of water on top of the pavement, which can make it difficult to maintain traction and increase the risk of slipping or sliding.

Question 5

You should never depend on your mirrors when you prepare to change lanes. Why?

Options:

- A. Mirrors are useless.
- B. Mirrors need to be adjusted.
- C. Mirrors leave "blind spots" behind both sides of vehicles.
- D. You should look over your shoulder instead.

Answer: C

Explanation:

When you prepare to change lanes, you should never depend on your mirrors alone. This is because mirrors leave "blind spots" behind both sides of vehicles, meaning that there may be objects or other vehicles in the lane that you cannot see in the mirror. To ensure that it is safe to change lanes, you should always look over your shoulder as well as check your mirrors.

Question 6

A driver who's being passed on the right and the left by many vehicles while driving in the center lane of an highway should:

Options:

- A. move to the lane on their left.
- B. move to the lane on their right.
- C. take the next exit.

Answer: B

Explanation:

When a driver is being passed on the right and left by many vehicles while driving in the center lane of a highway, it is best for them to move to the lane on their right. This will allow them to get out of the way of other drivers and reduce the risk of an accident. Additionally, this will help keep traffic flowing smoothly on the highway.

Question 7

What should you do if your headlights suddenly go out?

Options:

- A. Ease your foot off the gas pedal and brake gently.
- B. Brake immediately and activate your emergency lights.
- C. None of the other answers are correct.

D. Use your emergency lights, parking lights or directional signals.

Answer: C

Explanation:

If your headlights suddenly go out, you should activate your emergency lights, parking lights, or directional signals to make sure other drivers can see you. It is important to ease your foot off the gas pedal and brake gently so that you don't cause an accident.

Question 8

White lane lines:

Options:

- A. are only used in school zones and business areas.
- B. separate lanes of traffic moving in the same direction.
- C. prohibit vehicles moving in either direction from crossing the lines.
- D. separate lanes of traffic moving in opposite directions.

Answer: B

Explanation:

White lane lines indicate the separation of lanes that allow vehicles to travel in the same direction. They help organize traffic flow and ensure that drivers maintain a safe distance from one another while staying in their designated lanes.

Question 9

Which of the following must you obey over the others?

Options:

- A. Red light
- B. Stop sign
- C. Police officer

Answer: C

Explanation:

The law requires that you obey all traffic signals, signs, and directions given by a police officer. This means that if a police officer tells you to stop or directs you to take a certain action, you must comply with their instructions over any other traffic signal or sign.

Question 10

This sign indicates:

Options:

- A. Emergency line available
- B. Do not use your phone while driving
- C. Phone service ahead
- D. Cell phone shop ahead

Answer: C
